FOR LIFE

A fresh change in New Zealand's prosthetics industry.

World-class devices, amazing customer care, incredible client outcomes!

We've helped hundreds of clients across New Zealand, Australia and the USA take back their mobility, dignity and independence.

We focus on your potential, building devices that support you throughout life's journey and get you back into the hobbies, sports and social networks that bring you joy, identity and connection.

Reach out today and experience the difference we proudly create!

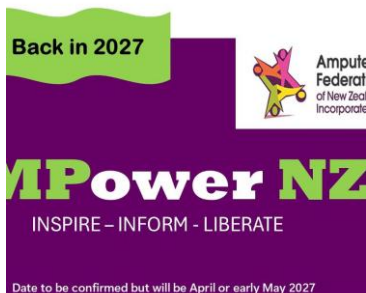

x-tremity.com

If you dare to believe that you deserve more from your prosthetic provider than you're currently getting, join the UK side as find out how we can fight for change for amputees in NZ!

AMPower 2027

After careful consideration, the Executive have made the tough decision not to hold a conference this year. A number of factors have influenced this including limited funding, time commitments, venue availability, and clashes with school holidays. Rather than delivering something that doesn't meet the standard our community deserves, we've chosen to take a step back and refocus. Therefore, moving forward, AFNZ conferences will be held bi-annually, allowing us the time, resources, and energy to create events that are bigger, better, and even more valuable for our members. We know how much these conferences mean, the connection, the shared experiences, the learning, and that's exactly why we want to make sure the next one is truly worth the wait. Thank you for your understanding and ongoing support. We're already looking ahead and excited about what's to come. *Korrin and the AFNZ Executive.*
